Rich

Letter No AH: C 1384/42-43 dy nil from the Chairman, City Improvement Trust Board, My dore, requesting that the Trust Board Engineer who is a gazetted Officer may be entrusted with the duty of scrutiny of cash & that he may also be authorised to issue certificate of payments made on nominal rolls etc.

A Copy of the Trust Board business Manual is put up.

It is stated in the penultimate Para of his letter by the chairman that the Asst Engineers in independent charge of Divisions or Range offices in P W D exercise all the Powers of Executive Engineers & are competent to pass bills, sign pass orders & scrutiny the cash book etc.

If approved the Chief Engineer Mysore P W D & the Financial Secy will be consulted

Submitted for orders.

KMG 12/7 JM This is a matter of administrative convenience The proposal made by the Chairman, Trust Board, Mysore may perhaps be approved in consultation with the Financial Secretary

Forwarded w/c for Compliance for favour of remarks

No 120/SPB dated 31-7-43.

U O No 42/C LAD dated the 29th July 1943.

Returned with Compliments.

According to the Business Manual the duties of the Engineer are defined as follows -

1 Supervision of Construction Works, Check measurements and preparation of work bills - Paras 54 & 61.

2 He is empowered to sign receipts for and on behalf of the Chairman for moneys received in the Trust Board Office - Para 103.

3 He is entrusted with the control of the Executive Subordinate staff and certain sections of the office viz , the stores, drawing branch and the works accounts sections Para 105

These duties seem to be very restricted as compared with the powers exercised by the Assistant Engineers in the P W D who are authorised even to make payments of work bills under certain limitations The procedure now in vogue in the Trust Board is existing for several years past when for a long time the officers that were posted as Engineers held the rank and status of Executive Engineers The officers that are now drafted for this work are of the grade of Assistant Engineers and they cannot possibly be

invested with larger powers than their compeers in the P W.D The additional duties proposed to be assigned now to the Engineer viz , daily scrutiny of the cash book and recording certificates of disbursement on Nominal rolls and Imprest vouchers are of minor nature and may be approved as even now payments on Nominal rolls are either made by the Engineer or witnessed by him though the certificates of disbursements are recorded by the Chairman The Chairman will however, continue to be the disburser of Trust Board moneys and be responsible for the regularity of all cash transactions in token thereof he may be required to verify the cash balance at the end of the month and record the requisite certificate in the cash book as contemplated in the last sentence of para 99 of the Manual

B S RAGHAVENDRA RAO, Esq, MA (Hons),
Chairman, City Improvement Trust Board,
MYSORE

SECY LAW DEPT.
GOVT OF MYSORE

To

C Narayanaswami Naidu, Esq, B A, B L,
Secretary to the Government of His Highness the Maharaja
of Mysore, Law Department, Bangalore

Sir,

I have the honour to state that according to para 99 of the Business Manual of the Mysore City Improvement Trust Board, the Chairman of the Board is required to check all the entries in the cash book as far as possible after the date of the occurence and initial each page after the last entry is checked As the Chairman of the Trust Board is also the President of the Municipal Council and as the duties attached to these institutions have grown heavy since the time the Business Manual was framed in 1927, it has been found to be very difficult in practice to devote the necessary time, attention and scrutiny to the daily checking of the cash book, I would therefore request that the Trust Board Engineer who is in-charge of all the engineering works of the Board and who is a gazetted officer be entrusted with the daily scrutiny of the cash book I request that orders of Government may kindly be obtained in the matter

The certificates of payment on Nominal Rolls and other payments out of imprest are being furnished at present by the Chairman Since the Trust Board Engineer is in direct charge of all the works and is responsible for the disbursement of the wages Etc, to the correcto parties, the certificate of payment on such documents may also be hereafter furnished by him This may also be kindly approved

In this connection, it may be stated that the Assistant Engineers in indipendent charge of Divisions or Range offices in P / D exercise all the powers of executive Engeneers and are competent to pass bills, sign pass orders and scrutinising the cash book Etc Since the Trust Board

P T O.

Engineer is in a similar status, he may be authorised at least to check the cash book and his scrutiny may be accepted as valid, though for purposes of financial control the undersigned will continue to pass bills and sign cheques.

Favour of early orders of Government is solicited

I have the honour to be,

Sir,

Your most obedient servant,

CHAIRMAN.
